

# Back Stand Belts Spiral-Tech® Solution

## SOLUTION SPOTLIGHT:

### Spiral-Tech® Replaces P.T. on Roll Back Stands

## Features & Benefits:

### Previous Belt

- P.T. Power Transmission flat drive belt
- Disassembly of equipment
- Increase down time
- Limited frictional heat resistance
- High wear

### MIR # 1961591

- Pin splice assembly minimum downtime
- No equipment disassembly
- Carboxylated nitrile backing
- High frictional wear and heat resistant
- Modular pin design allows section replacement
- Can be supplied in roll form
