

X-Ray & Portioning Pin Drive Belts

Reduce lead times as well as cost.

SOLUTION SPOTLIGHT:

MIR provides an exact OEM replacement.
Stocked in either blue or white.

Features and Benefits:

- MIR stocks the OEM equivalent belts for immediate delivery
- Machine cut holes for consistency every time
- 2-ply material available to reduce hole elongation and gain 2x-3x belt life
- More aggressive material covers available for Inclines and Declines to prevent slipping
